NOTICE:

If a child 10 years of age or younger resides or will reside in your apartment or regularly spends a substantial period of time there, you can have window guards installed in your apartment by making a written request if:

- **The windows are above the first floor; or**
- **The windows are more than six feet above grade as measured from the bottom of the interior window sill; or**
- **There is any other hazardous condition necessitating installation of window guards to protect the safety of children.**

Guards will be installed at your expense at a cost of $20.00 per window for every window guard installed. Residents with window guards are advised to check window guards on a regular basis, and advise building management in writing as soon as you suspect that there may be a problem.
